

Just précis of who we are:

EAVCA was established in 2013 founded by seven PE firms. Today, the association has grown in membership to over 100 firms today, most of whom are fund managers. EAVCA facilitates a favorable environment that promotes capital inflows into East Africa. Our mandate is prescribed in four main pillars: Advocacy, Research and intelligence, Networking events and Training. We also cover five of the commercial hubs of East Africa: Kenya, Uganda, Tanzania, Rwanda, and Ethiopia.

Through our advocacy efforts, we are involved in the development of policy across the region, especially in relation to the impact of trade and economic activity in the region. As an association, we work closely with our members in the legal space to provide guidance on drafting policies when called upon by regulators. In research and intelligence, we leverage on our legal advisory member firms to write bulletins on topical issues, to provide the members with a platform to showcase their professional expertise to the target audience. Our mailing list of over five thousand members consists primarily of individuals within the investment landscape operating from across the globe.

As a member of EAVCA, you will benefit from the following:

- Access to data on the East Africa private equity and venture capital deal landscape, (fundraising, investment and exit activity) across Kenya, Tanzania, Ethiopia, Uganda and Rwanda
- Access to briefs and in-depth special reports with analysis and commentary on country (E.A) - and sector-specific opportunities and industry-wide developments.
- Special rates to EAVCA-led and select industry partner conferences, as well as invitations to exclusive events, receptions, webinars, roundtables and briefings with industry leaders, LPs and peers around the region.
- Opportunities to participate in a wide selection of educational trainings at preferred member rates, including Master classes, summits, breakfasts, roundtables, workshops and conferences. e.g. the annual EAVCA PDP - {a master class targeted at first-time fund managers, new hires and experienced practitioners on navigating the fund management cycle from start-to-finish}, as well as updates on the latest regulations affecting the business today.
- Opportunity for senior company representatives to serve on active region- and sector-specific committees that formally advise the association and execute work in support of industry needs.
- Ability to raise brand awareness and share thought leadership on EAVCA's industry research reports, news and events platforms.
- Priority on speaking, sponsorship and advertising opportunities targeted to East Africa's private capital stakeholders through EAVCA.org, EAVCA-led conferences, and over 15 different events across the year.
